The Parish Council **agreed** to take up her offer of looking into it further with the Norfolk contractor. **ACTION AM/LH**

10. Update on Ongoing Matters and Projects

a) Speed Management

Parish Councillors were disappointed with the latest speed monitoring figures, for March 2022. On Reedham Road, there was a decrease in volume and an increase in 85%ile speed from 39.8mph to 40.8mph. Closer inspection shows that these speeds are maintained throughout the day, including the busiest hour, 3-4, when children are coming out of school. One person drove through at 75mph at 20:30 on 25/02/2022. The second SAM machine is now up and running. Speeds on the Green were down from 33.7 to 33.0 (85th %ile), which is still unacceptable. PLEASE DRIVE SAFELY. It's 30mph through our village for a reason. The Police are carrying out extra speed checks in Freethorpe. The school's 30mph posters are displayed. We hope that drivers will get the message. It was agreed to seek further advice from Highways via LH.

ACTION AM/LH

b) Second SAM2 machine

Project completed.

c) School Road Safety Project

Project completed.

d) New benches at Wickhampton and Freethorpe

The Wickhampton bench has now been bolted to the concrete base. DL noted that an original bolt from the shelter is proving difficult to remove but is not hazardous. The Palmers Lane bench is due for delivery on 30/05/2022. The Wickhampton Picnic bench has been ordered with delivery date to be confirmed.

e) Freethorpe Play Area new equipment

Project completed, including the removal of the skip.

f) Play Area Inspections

No new or urgent issues have been identified in inspections. There was some concern that three broken bottle-necks had been thrown on the ground near the metal bench. It was noted that some seed and topsoil had been applied to one piece of equipment to test improving the Safagrass surface as per inspection report. DL had been to check the basketball back board at Wickhampton which is damaged beyond repair but not dangerous. It was agreed that it needs to be replaced.
