

FREETHORPE PARISH COUNCIL WEBSITE ACCESSIBILITY STATEMENT

This document applies to the website www.freethorpeparishcouncil.org. Freethorpe Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Accessibility

This website has been created and is maintained by Freethorpe Parish Council. We endeavour to make our website as accessible to as many people as possible. Some of the ways we strive to achieve this are as following:

- The ability to listen to most of the website with a screen reader;
- The ability to navigate most of the website using just a keyboard;
- The ability to navigate most of the website using speech recognition software;
- Good colour contrast between the text and the background.

We've also made the website text as simple as possible to understand.

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard. Work is in progress to comply with the Standards as far as practicably possible.

All documents published since May 2020 will be in an accessible format, and we will strive to update all active documents from September 2018 into an accessible format. Older documents may not be accessible, as updating these would place a disproportionate burden on the Council.
